

Starter Fertilizers

Break the yield barrier with Feast starter fertilizers.

Conklin's fertilizers start with the highest quality raw materials to produce a superior finished product. Unlike most fertilizers in the industry, Feast is an absolutely clear liquid true solution with no impurities. It has a low-salt index providing 100-percent orthophosphate and potash provided with potassium hydroxide. Only low-biuret* urea sources are used in these specifically formulated fertilizers.

- Over 20 years of consistent research and field-proven test results
- Non-corrosive to equipment
- Effective at lower application rates
- Demonstrated seed safety

■ 9-18-9

- #7161 55 gallon drum
- #7179 250 gallon mini-bulk
- #7112 Bulk

■ 3-18-18

- #7260 55 gallon drum
- #7288 250 gallon mini-bulk
- #7211 Bulk

■ 8-24-0

- #40188 Bulk

Feast 9-18-9 as a starter fertilizer increased corn yield **18%**

Starter Fertilizer Yield Response

Regional Test Plot: Indiana: Corn

“Using Conklin’s Side-Kick with Feast 9-18-9 produces a more balanced nutrient package that really boosts our yields. This past year, we had a 240-acre field average of 338 BPA while our 3,400 acres of corn averaged 296 BPA.”

– Donny C., Multi-Winner NCGA National and State Champion, Texas

“I use Conklin’s Side-Kick on my soybeans at planting and have seen a two-to-four-bushel yield increase per acre! That translates to a \$20 - \$40 return for every \$3 invested.”

– Olie F., Minnesota
