

Reasons to take Cellular Energy™ Vital HF™

- Each year the average American consumes 135 pounds of sugar and 14 pounds of food additives (chemicals in processed foods).
- The number one health problem affecting Americans is digestive disorders.
- Approximately 225,000 Americans are hospitalized with flu each year.
- High cholesterol/heart disease affects an estimated 100 million adults in the United States each year.
- Fifty-five percent of the U.S. population is overweight or obese.
- By the year 2030, the number of individuals in America affected by diabetes is predicted to double even if the rate of obesity remains the same.
- Cases of people suffering from Alzheimer's disease have reached epidemic proportions in the United States and are now considered the #1 public health crisis of the 21st Century.
- More than 500,000 Americans are infected by Hepatitis A, B and C each year and millions have contracted the HIV virus.

Statements regarding nutritional supplements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Cellular Energy and Vital HF gave me back my life. For most of the past ten years, I was nearly bedridden with disabling pain. My doctor and I tried every possible medication for pain. They helped, but I couldn't take enough to control the pain because of the severe side-effects. I then tried Cellular Energy and Vital HF, after six months on the supplements, my overall health was 50 percent better. My friends noticed with astonishment that my mobility and vitality were coming back. The past 14 months have been a miracle. I got my life back.

—Laverne Grace, Alabama

CONKLIN®

Start Living at Full Capacity

Start Living at Full Capacity

If you looked at yourself under a powerful microscope, you would see about 10 trillion cells, of about 200 types. These cells are the circuits that run your body systems. And every one of them is a unique and complex piece of equipment requiring premium fuel and expert maintenance.

Food should provide the fuel our cells need. Unfortunately for many, the foods consumed are depleted of nutrition by over-processing, microwaving and altered with chemical additives. So instead of nourishing our cells, the typical diet starves them.

Maintaining cellular health is also extra-challenging because of today's high-stress lifestyles. Longer working hours, a faster pace and a wide range of environmental stressors make it increasingly difficult to keep this intricate network of cells working together at top efficiency.

That's why Conklin developed Cellular Energy and Vital HF, our revitalizing superstar supplements. These products deliver premium nutrition to nourish, restore and revive each of those 10 trillion cells, resulting in a vibrantly healthy body.

"I've been on prescription drugs for 35 years and experienced horrible side-effects. I started taking Cellular Energy and feel more in control of my health. It's a product I'll never be without."

— Nate Shenk, Ohio

"I'm a registered nurse, but I haven't missed a day of work all year! I really believe it's because I take Vital HF. It helps keep my system strong enough to fight off the germs I come into contact with."

— Anita Ocker, RN, Pennsylvania

Cellular Energy

A power-surge for every cell in your body

Cellular Energy is a patented formula made with bioglycanates or glycoproteins, the most powerful nano-sized nutrients from brown rice. These bioglycanates are the premium fuel your cells need to do their job, which is to communicate with each other and generate energy.

The more energy (ATP-adenosine triphosphate) your cells manufacture, the more alive and healthy you're going to feel.

Benefits of Cellular Energy

- ✔ Nourishes your cardiovascular system
- ✔ Improves mental function
- ✔ Energizes cellular performance
- ✔ Turns back the cellular clock
- ✔ Supports blood sugar regulators
- ✔ Banishes fatigue
- ✔ Maintains youthful skin

Body systems benefiting from Cellular Energy

- ✔ Cardiovascular
- ✔ Nervous system
- ✔ Circulatory
- ✔ Skin
- ✔ Blood Sugar

FAST FACT ▶▶

Nutrients in Cellular Energy increase the energy output of cells by 54%, based on higher levels of ATP (adenosine triphosphate), according to a scientific study at Emory University in Atlanta.

Vital HF

Fine-tuning healthy body systems

Vital HF is a patented formula of rich humic extracts, which according to scientists, are the missing link to optimal health. That's because humic extracts contain pure, prehistoric plant nutrients, including more than 60 trace minerals, which contain some of the richest nutrients ever discovered. Besides helping to promote energy, Vital HF also supports the immune system.

Benefits of Vital HF

- ✔ Forms a protective barrier around healthy cells
- ✔ Transports nutrients into the cell
- ✔ Detoxifies the body's cells by shielding against heavy metals and other waste
- ✔ Supports digestion and eliminates bad bacteria
- ✔ Increases blood oxygen levels
- ✔ Supports ligaments and anti-inflammatory regulators

Body systems benefiting from Vital HF

- ✔ Immune
- ✔ Digestive
- ✔ Respiratory
- ✔ Musculoskeletal

FAST FACT ◀◀

The patented humic acid in Vital HF has efficacy towards supporting the immune system and antiviral regulators, according to a scientific study at the National Institute of Health, Washington, D.C.
